

10. Standard Pistol or Revolver Precision Shooting – Target size (A3)

The objective of the shooting competition is to improve members' shooting skills. Members may only enter one score per day. Participation in the postal league will qualify as a dedicated activity.

Target Standard Pistol (A3 size)

Handgun or revolver: calibers from .22 rimfire.

Course of Fire

This event is shot at 25 meters in 5 practices

It takes approximately 12 minutes to complete

It requires 25 rounds. The maximum possible score is 250

Position: Standing unsupported

Ready Position: Revolver holstered, hammer down. Pistol holstered, slide forward, safety catch applied

Sights: Any colour iron (spotting scopes may be used)

Sighters: 5 shots in 120 seconds

Eye & Ear Protection – The wearing of eye and ear protection is required at all times.

Practice 1

2 x series of 5 shots in 120 seconds including a reload

Practice 2

1 x series of 5 shots in 30 seconds

Practice 3

1 x series of 5 shots in 20 seconds

Practice 4

1 x series of 5 shots in 10 seconds

Classifications

The classification score bands are as follows:

X Class 225 - 250

A Class 200 - 224

B Class 175 - 199

C Class up – 174

Firearms must be unloaded when moving between positions. All rounds and cases must be ejected before moving. Pistols must have the action locked open and the magazine removed.

Reloading

After the initial load, all further loading must be with rounds taken from the competitor's pocket, cartridge belt, mechanical loader, special pouch or elsewhere on the competitor's person. It is the competitor's responsibility to have sufficient ammunition in their possession to complete the match or event. A dropped round, magazine, moon clip or speed loader may not be retrieved.

The course of fire must be completed on an official shooting range, signed off by a Range Officer or any responsible person employed to manage the range or fellow NRAPA shooter. The completed activities scorecard must be e-mailed, faxed or delivered by hand to the NRAPA' Head Office. The scorecard can be downloaded from our website. It is the shooter's responsibility to keep record of all targets.

Scoring

Targets are to be scored in the usual manner: i.e. a hit that touches a scoring ring shall be given the higher value if a gauge of the same caliber as that used to fire on the target, touches some part of the ring when the gauge is inserted in the bullet hole, or an overlay scoring slide of the same caliber as that used to fire on the target touches some part of the scoring ring when the slide is laid on the target. A round that is found to have "tumbled" will be scored in the usual manner (best edge) if any part of the shot touches the scoring ring then it will be given that value. A tumbled round cannot be gauged.
