### **Classifications**

The classification score bands are as follows:

X Class 270- 300

A Class 240 – 269

B Class 210-239

C Class up to 209

### **Reloading**

After the initial load, all further loading must be with rounds taken from the competitor's pocket, cartridge belt, mechanical loader, special pouch or elsewhere on the competitor's person. It is the competitor's responsibility to have sufficient ammunition in their possession to complete the match or event. A dropped round, magazine, moon clip or speed loader may not be retrieved.

**Scoring:** Target is scored at the end of the shoot only. Targets are to be scored in the usual manner: i.e. a hit that touches a scoring ring shall be given the higher value if a gauge of the same caliber as that used to fire on the target, touches some part of the ring when the gauge is inserted in the bullet hole, or an overlay scoring slide of the same caliber as that used to fire on the target touches some part of the scoring ring when the slide is laid on the target.

The course of fire must be completed on an official shooting range, signed off by a Range Officer or any responsible person employed to manage the range or fellow NRPA shooter. The completed activities scorecard must be e-mail, faxed or delivered by hand to the NRPA' Head Office. The scorecard can be down loaded from our website. It is the shooters responsibility keep record of all targets.
